

CHILD SAFE IPAD SETTINGS

For children 12 and under

General ideas:

- Setup iPad with either parent iCloud account but as new iPad or by creating a new iCloud.com account
- Only parent knows App store password
- A new Google account that only parent knows password to can set web filter in all Google services.
- The Google account does not have to be used by the child but will allow for web filtering and also monitoring of any account use. Example: setting up other web services like MoshiMonsters.com

- 1-3 **General - Restrictions**
Lock Restricted Content
- 4-6 **Choose Restricted Content**
(Whilst still allowing web)
- 7 **General - Music**
Limit Music Volume
- 8 **Create Google Account**
- 9 **Once logged in, set search settings**

SafeSearch Filters

Turn on SafeSearch to filter sexually explicit content from your search results.

Filter explicit results. Lock SafeSearch

10a

10b SafeSearch Filtering

Lock SafeSearch

Locking SafeSearch sets SafeSearch to use strict filtering and restricts the ability of users to change this preference. Strict filtering filters both explicit text and explicit images from your search results. Learn more

Lock SafeSearch Cancel

Safari will stay logged in as new Google Account and filter but if Chrome is used as the primary Browser, this will offer tighter control
